COMPANY PROFILE

Logix Infotech LLP is a leading ERP software development company dedicated to delivering innovative solutions for businesses seeking to streamline operations and enhance efficiency. With a focus on revolutionizing enterprise resource planning, we combine cutting-edge technology with industry expertise to provide tailored software solutions. Our mission is to empower businesses with comprehensive ERP solutions that drive productivity and foster collaboration, ensuring sustainable growth. Specializing in custom ERP development, implementation, integration and support, we work closely with clients across various industries to deliver solutions that align with their objectives. Leveraging the latest technologies and best practices, our team develops robust and scalable ERP solutions tailored to each client's specific requirements. Our deep industry knowledge and experience enable us to understand the unique challenges and opportunities faced by businesses, allowing us to deliver tangible results. At Logix Infotech LLP, client satisfaction is our top priority, and we are committed to building long-term partnerships by exceeding expectations at every turn.

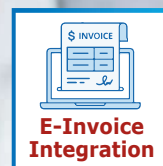

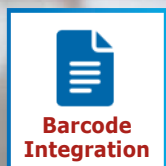

ABOUT FINAMAN-ERP

FINAMAN-ERP offers tailored solutions for diverse manufacturing industries, ensuring comprehensive oversight and adherence to regulatory standards. Our platform provides real-time visibility and control, optimizing efficiency at every stage. Streamline operations, automate tasks, and enhance productivity while maintaining compliance with industry regulations. Our scalable solution caters to the unique needs of Pharmaceutical Manufacturers and others, irrespective of size or complexity of the business process. Integrated Business Intelligence (BI) capabilities enable data-driven decision-making, identifying trends and optimizing production processes. Customizable dashboards provide a comprehensive view of operations, driving long-term success. Leverage **FINAMAN-ERP** to achieve significant Return on Investment (ROI) through reduced costs and manpower, improved inventory management, and increased efficiency. Trusted by pharmaceutical manufacturers worldwide, our commitment to innovation ensures continuous excellence and industry leadership.

FINAMAN MODULES
